Let's Start!

Let's go see the Great Pyramid!

Learning Outcome

Describe rooms, homes and objects in buildings in spoken or written English within common social or work situations.

Ask your partner:

- What do you know about the pyramids near Cairo?
- Would you like to visit them? Why?

Can Do Statements

- I can talk about travel and places around the world.
- I can talk about buildings and structures.
- I can talk or report about actions, events or people.

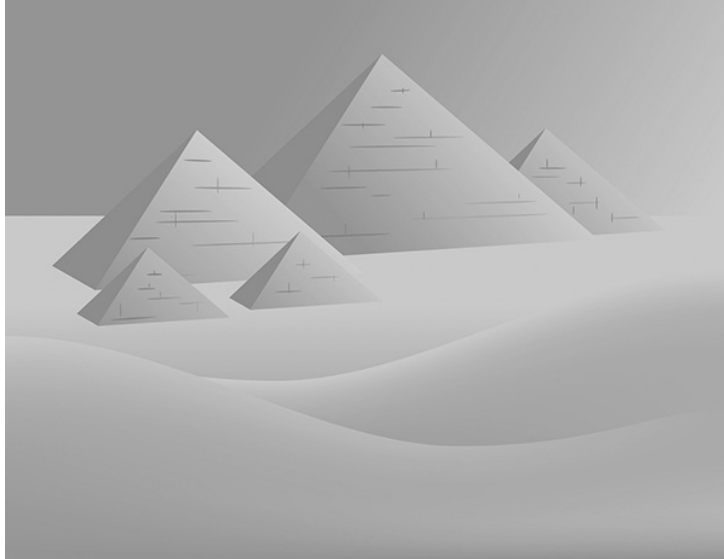

Let's Explore!

Sally visits one of the **Seven Wonders of the Ancient World***

* Some are: the Great Pyramid, the Hanging Gardens (Babylon), the Temple of Artemis, and the Colossus of Rhodes.

Instructions: Read the text aloud.

Sally's Suitcase

The Great Pyramid on the Giza Plateau in Egypt is one of the Seven Wonders of the Ancient World. It is the only one to survive to modern times. The pyramid stands 442 feet high. The base is 228 feet round. The pyramid is so large you can actually see it from space!

The ancient Egyptians constructed the great pyramid from 2,300,000 blocks. Each block weighed an average of two and a half tons. Workers covered the outside with polished white limestone. It was shiny from a distance. The capstone, or top stone, was plated with gold or silver to flash in the sun.

Inside, workers built the Queen's and King's Chambers. This is where priests entombed the great pharaoh Khufut in his sarcophagus. Until the 1400s, this was the tallest monument ever built.

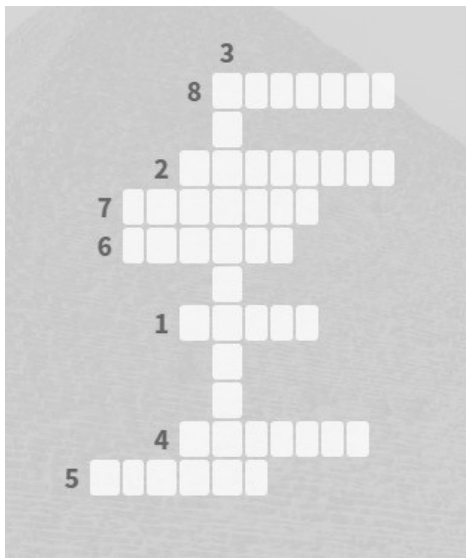

Let's Practice!

Sally tells us about the Great Pyramid.

Instructions: Complete the crossword.

Down

3. The Ancient Egyptians _____ the great pyramid.

Across

1. Workers _____ the Queen's and King's Chambers.

2. This is where priests _____ the great pharaoh.

4. Each _____ an average of two and a half tons

5. The pyramid _____ 442 feet high.

6. Workers _____ the capstone with gold or silver.

7. The silver capstone _____ in the sun.

8. Workers _____ the outside with polished white limestone.

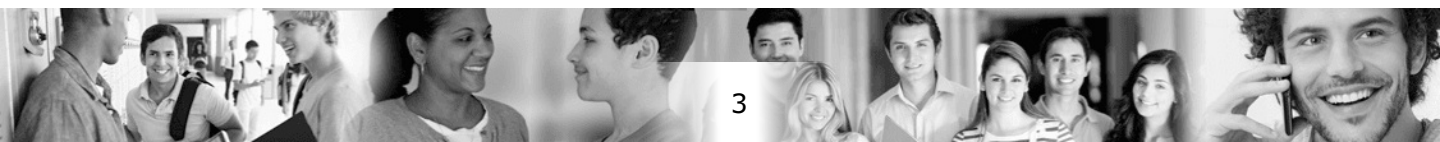

Let's Practice!

What places did Sally see?

Instructions: Read each clue. Check off the correct square that matches each clue.

1. Sally went to _____.
2. She wanted to see the _____.
3. It's on the _____.
4. It is one of the _____ of the Ancient World.
5. It is so large you can actually see it from _____!

Extension Activity

Learn and write about an ancient building.

Instructions: Complete the following steps. Fill in the Self-Assessment.

- Look up an ancient building online (not the pyramids).
- Write a paragraph 6-10 sentences long.
- Write about the structure and building materials.
- Write about the size and how people used it.
- Read your paragraph to a partner.
- Listen to your partner's paragraph.

Self-Assessment

Yes

No

I look up an ancient building.

☐
☐

I write about the structure and materials.

☐
☐

I say how people used the building.

☐
☐

I read my paragraph aloud.

☐
☐

Target Words

- **to survive** (verb): to continue; be there after many years
e.g. The pyramids at Giza were the oldest wonder of the ancient world to survive.
- **modern times** (expression): to live in the present day and age
e.g. I am glad I was born in modern times.
- **space** (noun): the region outside the atmosphere in which the stars and other planets are situated
Example: They traveled through outer space to get to the moon.
- **to weigh** (verb): to measure how heavy an object is
e.g. I stepped on the scale to weigh myself.
- **to plate** (verb): to cover with a thin layer of a different material
e.g. The chain around my neck is gold plated.
- **to entomb** (verb): to place a body in a vault
e.g. They entombed the king in the pyramid.
- **shiny** (adjective): something that is bright because it reflects light
e.g. The gold chain was shiny and new.
- **sarcophagus** (noun): a stone coffin, used in ancient times
e.g. The body of the king was wrapped and placed in the sarcophagus.

Learning Points

The Present Simple Tense versus The Past Simple Tense

You use the Simple Past tense to talk about events that happened in the place and the people who lived there.

When you are at a historical or ancient site, you use the Simple Present tense to talk about your experience in the present.

The Simple Present Tense	The Simple Past Tense
It is the only one to <u>survive</u> to modern times.	The Ancient Egyptians <u>constructed</u> the great pyramid from 2,300,000 blocks.
The pyramid <u>stands</u> 442 feet high.	Each block <u>weighed</u> an average of two and a half tons.
The base <u>is</u> 228 feet around	Until the 1400s, this <u>was</u> the tallest monument ever built
